We Don't Wanna Make You Dance (2013)

By Amanda Puga | December 5, 2014

In this edition of the In-edit Nescafé Festival, there are several works that aim to show us a band we've probably never heard of, like "We Don't Wanna Make You Dance," a documentary that tells the story of Miller, Miller, Miller & Sloan, a band that played funk in the punk rock era, who had everything they needed to break out but who never made it to the big leagues for reasons that clearly had nothing to do with the quality of their music.
